
Calling All Parents!!!

Do you have a career in STEM (Science, Technology, Engineering, and Math)? Are you interested in presenting to our students about your career? We are seeking interested PAC family members that would like to be guest speakers. Our goal is to inspire student interest and passion for STEM career paths and to provide students with authentic STEM experiences. If you would like to share in your expertise, please email Ms. Clemente at eclemente@pinecrestacademysouth.com for information.

"We are currently preparing students for jobs that don't yet exist, using technologies that haven't yet been invented, in order to solve problems we don't even know are problems yet."
-R. Riley, Former Secretary of Education
